Drift interruptions : 9/08

Story Plotting Algorithms:

Unit phrase:

Visualize each logical phrase unit into a band of the current color, providing breaks between. Technically breaks are identified by a switch between resource files.

"For two hours | she pulls us down river | carefully avoiding the scenic route of the government sanctioned tour ."

[redacted]

Syllables

A dot for each syllable

Word	Representation
Water	●●
Love	●
Information	●●●●
The quick brown fox jumps over the	● ● ● ● ● ●● ●

The Family Memoir

Exhibit digitally tattered images to match current spoken content. The photographs should remind us of slow-going story time.

For two hours she pulls us down river carefully avoiding the scenic route of the government sanctioned tour

The Image Stroll

Images placed at intersections of decision, marking the moment of decision.
